

# Flypaper 2023

Official Newsletter of  
The Flying Electrons of Menomonee Falls

Celebrating 60-plus Years of Service to the Community & Counting!

## President's Preflight

### Our RC Flight Training Starts Soon!

May 1st begins our official training season, so I would like to speak to the many newsletter recipients that have never tried to fly an RC aircraft.

I'm extending an invitation to everyone that's been curious about flying RC, to stop out to our airfield and see what it's all about. We have a number of exciting programs that make building and learning to fly exciting and fun.

We invite you to get involved in our Introductory Pilot Program. This program covers all the basics of RC flight, and offers both kids and adults an opportunity to learn how to handle an RC aircraft. What's more, it's totally FREE!

[Logon to www.FlyingElectrons.com](http://www.FlyingElectrons.com).

(See **PREFLIGHT** on page 3)

We've stayed in touch with the AMA and FRIAA status continues to experience delays. According to current reports from the AMA, FRIA applications won't be processed until Summer 2023.

According to AMA Magazine there's a chance that applications could be denied. Our club has been very upfront and on-time with paperwork and submissions, so we should be in great shape for approval.

Soon, pilots that purchase RTF aircraft will have the Remote ID installed. If your not flying in an FAA

sanctioned area, you'll need to install a Remote ID in your aircraft. The government has approved several configurations and offers that list for Part 107 pilots here.

# Weather Station Update

At the last club meeting members asked about the status of our Weather Station.

Mark Polzin has been the primary benefactor researching, purchasing equipment, and donating it to the club.

Mark is getting the weather station out of moth balls in the next couple of weeks so we can get connected once again.

Once it's up and running we'll notify members that it's live and available.

## How to Connect

Connecting to the weather station is easy. Review the steps at right.

### STEP 1

Click on the link shown below:

[Flying Electrons Weather Station](#)

### STEP 2

Once you reach the weather station in your browser, bookmark the URL in your browser.

If you don't know what a browser bookmark is then I'm sure one of your grand kids can help you out.

We hope to have additional cameras set up this year showing the main airfield, under the shelter, and a westerly view of oncoming weather.

We'll keep you posted.

## Flypaper Contact Information

**Editor:** Tom Jacobs  
tjacobs421@att.net

**262-527-2481**

*The Flypaper welcomes for consideration articles of interest, recommended video links, letters and questions you may have about the club, meetings, newsletter, and events. Please direct those communications via email to tjacobs421@att.net. We will respond to all inquiries.*

## NEXT CLUB MEETING

**Sunday,  
April 16th**

**De Marini's Restaurant**

**7:00PM**

N88W15229 Main St.  
Menomonee Falls, WI 53051

**Bring something for  
Show & Tell!**

PREFLIGHT continued

Our knowledgeable IP Instructors are here to assist you with flexible scheduling.

Training Request Form with fields for Name, Address, City, State, Zip, Email, and a Submit button.

Select "Join" and then "RC Flight Training." Complete the simple form so we can get to know your area of interest.

We'll respond and help provide you with all the information you need our club, our FREE training programs, and our exciting events.

Events in 2023

We have several events each year that families will enjoy.

This year, we're planning to include a "Night Flight Event".

Night flight aircraft are all electric and are highly illuminated. This is a great family event and it's exciting to see specially modified aircraft for this event. Watch this newsletter for updates on when our first "Night Flight Event" will be scheduled.

Our Electric Event is an annual event. This is a gathering of pilots that only fly "electric" aircraft. Electrics are the new trend in RC flight. With the new technologies now available, electric flight is an amazing thing as you will see when you attend.

Next is our "Scale Event" Only those aircraft models that were airborne as full scale are included in this event. Pilot must demonstrate that the aircraft flies to compete for prize awards. There are always beautiful aircraft displayed and flown at this event.

Our major event for the year is "AirFest." This is the club's charity fundraiser for the

local area boys and girls scout community.

Over the years, the Flying Elec-

AirFest 2023 poster featuring a yellow and blue RC helicopter, event details for Saturday, August 12th, and a list of 'What You Need to Know!' items.

trons have raised over \$60,000 for local area scouting activities and the scouts continue to be our primary beneficiary.

This year's "AirFest" is expected to be better than ever! Pilots from all over the Southeastern area will be invited.

Event helicopter

the sport of RC and will be qualified as a FAA Recognized Identification Area (FRIA) in the next few months. This means that anyone that flies at Tamarack Airfield will not need special

The event is scheduled for August 12th (rain date August 13th) and will run from 10:00AM to 2:00PM.

The public is welcome and costs only \$6.00 per car load. There will be a fantastic public raffle, great food, and an amazing noon RC Air Show. You won't want to miss it

FAA Remote ID technology to remain legal.

If you are interested in learning to fly RC, you can stop out at the airfield, and someone will likely be able to take you up for a "Discovery Flight" or give you the information needed to get started in flight training.

### Flying Electrons Membership

Our club welcomes new members and the cost to get into the hobby now is quite low with all the Electron programs and low cost aircraft options now available.

We have accommodations for fixed wing flight, helicopters and drone aircraft.

Tamarack Airfield, located in Menomonee Falls, is dedicated to

### Entrance Signage to the Airfield

We've received approval from the Village of Menomonee Falls for our new larger signage which identifies entrance to the frontage road to our airfield. The artwork will be submitted for production the first week of May and we expect that it will be installed well before any of our major events.

Tyler Perry, actor, producer and director, is also an avid RC pilot. His amazing hanger of aircraft located in Atlanta has to be one of the largest in the nation.

Ramy RC, well known for his building expertise, takes us through Tyler's inventory and flight demos with the two links blow.

Be sure to watch both as they are exciting and very, very expensive.

[Tyler Perry's Parade of Jetliners](#)  
[Tyler Perry's Atlanta Hanger](#)

# MEETING MINUTES

Sunday, April 16th, 2023

Meeting called to order at: 7:08PM

Number of attendees: 17

Promotions, None

Guests, Greg Brunsch

## Club Financials

Mark Polzin presented a detailed report of our 2023 budget.

## Membership / Renewals

Membership numbers are down this year, 105 members do date for 2023.

We need to put a push on member recruiting for 2023.

## Grant Request Status

AMA – Grant approval April, No news as of yet.

Funds Distribution May

## Club Fun Fly

June 10th, Paul McGuan and Scott Bernard agreed to check their schedule to serve as event coordinator.

## FRIA Status

(FAA-Recognized Identification Areas)

No further update as of yet.

## Field Signage

Graphics have been approved by the Village.

Tom Jacobs will start production on the signage the first week of May

## Club Trainers

Ed Malec gave a review of the Tundra Trainer

The new "Trekker" appears to be a winner.

Will likely order more once back in stock.

## Rec Center BWS & Training Programs

Enrollments begin today.

Not happy with the way the Training Program was advertised.

Need 9 enrollments to hold BWS.

## Field Clean-up Day

Not needed in 2023

Doug is grabbing staff as needed to get things in order.

## Night Flight Event

Question was raised about having another Night Flight event at the field.

Everyone was in favor.

Mark Polzin agreed to be event coordinator.

We'll pick a Friday or Saturday night to set up the event.

## Open Forum

Drew Giordano offered an opportunity to work with Trackside in a cross-promotional way to bring in new younger members into the hobby.

A lively discussion was had, and Drew and Mark Polzin will communicate with the owner of Trackside to see what kind of cross promotional opportunities might exist.

Next Meeting – May 21st, 7:00PM, DeMarini's

The meeting came to a close at 8:30PM.

Respectfully submitted,

Tom Jacobs, President

*(Note: Meeting Show & Tell presentations will be covered in next month's newsletter.)*

# The Flying Electrons Now Accept Electronic Payment For Renewals Using Zelle

After many requests, we've setup an account using Zelle for the electronic payment of new memberships and renewals. The process is easy but still requires that you complete the club membership application and confirm your AMA membership and FAA Registrations by submitting a copy of each either electronically or via mail to our Secretary/Treasurer for verification.

The steps to pay electronically through Zelle are simple.

Most all banking institutions now offer Zelle as an electronic or mobile payment option. To get started using Zelle for membership renewals, do the following:

## STEP 1 - Email Files You Will Need

1. Complete your renewal or new membership application using the PDF template located on the club website under the "JOIN" button
2. Save your application on your PC
3. Scan your FAA Registration and save it to you PC
4. New Members - scan your TrustID and save it to your PC
5. Scan your AMA card and save to your PC

## STEP 2 - Setting Up Zelle For Payment

1. Go online to your banking institution and look for the Zelle payment option
2. Click to create a Zelle payment account and follow the instructions to set up payments to the Flying Electrons
3. The account to use for pay-

ments to the Flying Electrons is [Mpolzin1234@gmail.com](mailto:Mpolzin1234@gmail.com)

4. Once account set up is completed, refer to your membership application and note the total due for renewal or new mem-

bership

5. Indicate that amount to be paid in Zelle (you can also choose what day the payment is to be sent)
6. Click send payment

## STEP 3 - Send Your Application & Documents as Email Attachments

1. Send an email to Mark Polzin, club secretary/treasurer, indicating that you wish to renew or join using Zelle.
2. Attach your membership application, FAA registration, AMA membership card, and TrustID (if this is a new membership, TrustID only needs to be submitted once)
3. Click SEND Email
4. You will receive an email from your banking institution verifying your electronic payment

## Your renewal or new membership is now complete.

This is our initial venture into electronic payment for new memberships and renewals. I know that it looks like a lot of steps but most of these are one-time steps that need to be taken.

But, if you're not ready to take the leap, we always have the US Postal Service as a backup plan.

# STEM Student Membership Academy

Education in Aviation through Aero Modeling.

Sponsored by

**The Flying Electrons of Menomonee Falls**

## Here's What The STEM Student Membership Academy Offers!

1. A state-of-the-art airfield for training and personal flying
2. Ongoing access to top notch flight instructors, builders, technical advisors
3. Access to get great RC deals and discount savings
4. Earn your solo pilot's license while learning at your own pace
5. Mini-workshops covering all types of aircraft and power sources
6. Immediate access to advice and tips on how to get the most out of your aircraft
7. Learn airfield protocols and proper safety precautions
8. Meet top pilots and learn aerobatic techniques
9. Participate in all club events and activities
10. Monthly club newsletter
11. Full access to Tamarack Airfield for personal flying
12. Attend monthly club meetings to learn about various model aviation issues

*Graduating students are eligible to renew their membership each year FREE of charge up until they reach the age of 18. (\$15.00 Annual AMA membership is also required for insurance purposes.)*

*For more information feel free to contact Tom Jacobs at [tjacobs421@att.net](mailto:tjacobs421@att.net).*

The Flying Electrons "**STEM Student Membership Academy**" is a member scholarship program that provides interested young people the opportunity to learn how science, technology, engineering, and math support the various principals of flight through model aviation.

Available to young people ages 8 to 18, students qualify and apply for the Membership Academy by registering through the Flying Electron's **Introductory Pilot (IP) Program**. This program, supported by the Academy of Model Aeronautics (AMA), is designed to introduce individuals to model aviation by providing a FREE structured 60-day flight training program.

During training, students learn the principles that support flight, how control systems operate aircraft, power sources and how to properly set up aircraft for successful flight.

Each student trains at their own pace and under a schedule that is mutually convenient. Instructors are also available to assist the student in acquiring his or her own RC aircraft and equipment to be used during student solo pilot certification. Several options are available.

Students that graduate from the IP Program to "pilot status" are immediately invited to apply for a full and FREE club membership with all benefits.

The Flying Electrons of Menomonee Falls Present

AMA Sanction No. 14537

The 2023 Cliff Evans Memorial

# RC Scale Festival

**Sunday July 9th, 2023**

All SCALE Radio Controlled Model Aircraft are Welcome.

FLY OR DISPLAY!

**Spectators  
Welcome!**

**Registration starts at 8:30AM**

**Flying from 9:00AM to 2:00PM**

**AMA Membership required to  
FLY or SHOW.**

All flying aircraft must be test flown prior to  
this event, no test flights please

**\$7.00 Landing Fee.**

**Maximum 3 Aircraft allowed to  
compete for Cash.**

**Great Food On Site with FREE Parking!**

*(Scale Documentation would be nice but not a  
requirement to enter)*

## Event Information

- All Scale Aircraft are Welcome
- Cash Prizes Awarded, over 9 FUN SCALE Categories
- Best Flying Scale - \$20 for each WWI, WWII, SPORT, and Jet
- Best Scale Built from Kit, all types - \$20.00
- Best Flying ARF (Almost Ready to Fly) "ARFmanship" - \$20.00
- Best Flying Scale Performance by an Electric - \$20.00
- Best Flying Scale "SCRATCH" built - \$20.00
- Best Static Scale "Hanger Queen" - \$20.00

**(All prizes will be awarded at 2:00PM)**

For more information contact: Chris Milbauer, Phone: 414.750.2740, Email: [chrismilb@att.net](mailto:chrismilb@att.net)  
Check the Flying Electrons website for other events at [www.flyingelectrons.com](http://www.flyingelectrons.com)

**LOCATION: N61W17000Kohler Lane, Menomonee Falls, WI 53051**

From Hwy 41, take Siler Spring Drive Exit and go West. At Pilgrim Road, turn North. Take Shawn Circle East, then left onto Kohler Lane to the Water Tower. Look for signs directing you to the airfield.

# The Flying Electron's **ALL ELECTRIC FUN FLY**

**Sunday, July 23th, 2023  
9:00AM to 2:00PM**

(AMA Membership Required to Fly)

## **You'll Get a Charge Out of this Event!**

**Leave your "slimers" at home and join us.  
Food, prizes and fun! Pilot's Raffle! Win Raffle Tickets!**

**(Pilot Registration/Landing Fee \$5.00)**

**Speed Contest:**  
Prop & EDF

**Mini Air Show:**  
Scale, 3D, EDF, Heli, Sport

Tamarac Field is conveniently located for anyone living in the Milwaukee, Waukesha and Ozaukee county areas. Kohler Lane is just north of Silver Spring Drive (W) and Pilgrim Road (YY). Take Shawn Circle to Kohler Lane and follow the signs to the water tower. Watch for the sign that says, "Flying Field."
